FOR IMMEDIATE RELEASE

CIMETRIX PARTICIPATING AT INTERSOLAR NORTH AMERICA 2012

Presenting The [Standards Technical Education Program \(STEP\): PV2](#)

SALT LAKE CITY, UT — June 26, 2012 — Cimetrix Incorporated (OTCQB & OTCBB: CMXX) (www.cimetrix.com), a leading provider of [factory automation](#) and [equipment control software solutions](#) for the global semiconductor, photovoltaic, LED, and other electronics industries, announced today it will partner with SEMI to deliver educational programs during [Intersolar North America](#) in San Francisco, July 10-12, 2012.

Cimetrix has the lead role in developing and presenting the [Standards Technical Education Program \(STEP\): PV2 - Guide for PV Equipment Communication Interfaces \(PVECI\)](#) on Tuesday, July 10, from 1:00PM to 5:00PM at the Moscone Center. The course, intended for a wide range of automation engineers, managers, and service personnel, will explore the content, usage, and benefits of the PV2 communications standard and associated SEMI guidelines, and discuss how the PV2 standard can help make the solar power industry more competitive amid consolidation of suppliers and other recent trends.

For more information about the Cimetrix booth at SEMICON West and Intersolar North America, please visit [Cimetrix At SEMICON West 2012](#).

About Cimetrix Incorporated

Cimetrix (OTCQB & OTCBB: CMXX) develops and supports factory automation software products for the global semiconductor, photovoltaic, LED, and other electronics industries. Cimetrix [factory connectivity](#) software allows for rapid and reliable implementation of the [SEMI SECS/GEM](#), [GEM300](#), [PV2](#), and [EDA](#) standards. Our flexible [equipment control](#) framework software is the latest technology that enables equipment suppliers to design and implement their supervisory control, material handling, operator interface, platform and process control, and automation requirements of manufacturing facilities. Cimetrix products can be found in virtually every 300mm semiconductor factory worldwide and include [CIMControlFramework](#)[™], [CIMConnect](#)[™], [CIM300](#)[™], and [CIMPortal](#)[™]. The added value of Cimetrix passionate [Support](#) and [Professional Services](#) delivers an outstanding solution for precision equipment companies worldwide.

Cimetrix is an active member of Semiconductor Equipment and Materials International ([SEMI](#)), including the SEMI PV Group, and participates in various International SEMATECH Manufacturing Initiative ([ISMI](#)) programs.

Safe Harbor Statement:

The matters discussed in this news release include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Statements about the Company's prospects for future growth and results of operations are forward-looking statements. The comments made by the Company's senior management in regards to future revenue and results are based on current expectations and involve risks and uncertainties that may adversely affect expected results including but not limited to recovery of the economic markets into which the Company sells products, increased capital expenditures by semiconductor chip manufacturers, market acceptance of the Company's products, the timing and degree of adoption of Interface A by the semiconductor industry, the ability of the Company to control its costs associated with providing products and services, the mix between products and services (which generally have higher associated costs of revenue) provided by the Company, the competitive position of the Company and its products, which include CODE, CIMConnect, CIM300 and CIMPortal product families, the economic climate in the markets in which the Company's products are sold, technological improvements, and other risks discussed more fully in filings by the Company with the Securities and Exchange Commission. Many of these factors are beyond the control of the Company. Reference is made to the Company's most recent filing on Form 10-K, which further details such risk factors.
